This is a notice of the state's intent to award a contract. The figures shown here are a tabulation of the offers received with the apparent low bidder(s) indicated. A bidder who wishes to protest this Notice of Intent must file the protest within ten (10) calendar days following the date this notice is issued. If the tenth day falls on a weekend or holiday, the last day of the protest period is the first working day following the tenth day. Should a protest be filed relative to any item/lot of this award, all bidders affected by that protest would be notified by this office. Any item/lot not pertinent to the protest may be awarded. Bidders, identified here as the apparent low responsive bidders, are instructed not to proceed until the receipt of a Purchase Order, Contract Award or other contractual document issued by the Contracting Officer. A Company or person who proceeds prior to receiving such a document does so without a contract and at his or her own risk. (AS 36.30.365)

The lowest bid price for mounting and balancing each tire is from Johnson's Tire and Auto for \$10.00 each. However, the majority of the tires and wheels are being awarded to TDS and American Tire Warehouse. Therefore, per Section III, Specifications, the State is reserving our right to consolidate this line item, and will award the mounting and balancing work to American Tire to eliminate transporting many of the tires to a different location.
